

LOOKING BACK... LEAPING FORWARD

2021 was an unprecedented year as we continued to rally from the devastating impact of the pandemic. We are pleased to report that a Wish with Wings is STILL Granting Magical Wishes for young Texans with life-threatening medical conditions – one magic wish at a time. In fact, with your help during 2021, we granted a record number of **66 wishes...** up from the previous record of 52 wishes granted in a single year. But there's lots more work to be done and Wishes to be granted.

As we prepare to celebrate our 40th anniversary of Granting Magical Wishes, we wanted 2021 to be a time of reflection – of looking back – and, most certainly, looking forward with optimism to continued growth, awareness, strength and hope. Hope not only for the future of a Wish with Wings, but for the future of each of the more than **1,700** amazing Wish Kids and families we have served during these past 40 years.

Your gifts of time, talent and treasure have helped propel us into 2022 and beyond. We hope you will continue to support us in every way possible. And we pledge to always be accountable, with the hope that you will continue to consider us worthy of your gifts. Your gift today is more than a Magical Wish. It's a child's hope for tomorrow.

With thanks and gratitude,

Judy Youngs
President & CEO

- 1 Tree House Wish
- 1 Puppy Wish
- 1 Custom Golf Set Wish
- 1 Disney Cruise Wish
- 1 NYC Wish Trip
- 1 Enclosed Sensory Patio Wish

WHEN YOU GIVE A KID A WISH

*When you give a kid a Wish
Magic fills the air
With joy and love and happiness
To drive away despair.*

*When you give a kid a Wish
Love is all around*

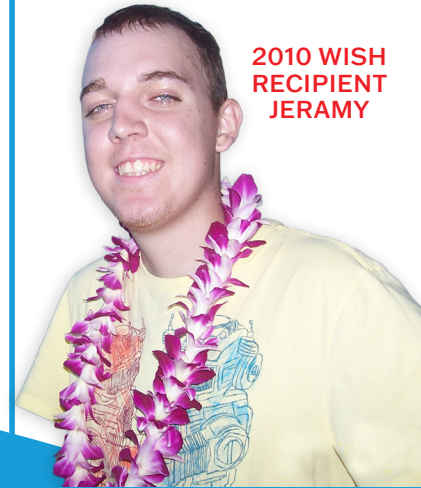

It gives them hope & strength they need

*For yet another round.
Another round of chemo
Another round of meds
Another surgical procedure
Which ties them to their beds.*

*When you give a kid a Wish
You give much more than joy
You give them the strength they need
To find more hope and joy.
Hope for no more sickness*

*Hope for lots more joy
Hopes they'll soon be home again
Their siblings to annoy.*

*When you give a kid a Wish
Their hopes and dreams come true
But even more than that
Is the feeling it gives YOU!
When you give a kid a Wish
It gives them time to run
To just let go and be a kid
And finally have some fun.*

Shelby Weidler, Wish Assistant

MAKING WISHES COME TRUE SINCE 1982..

Diagnosed with Hodgkin's disease in 2010, **PAYDEN'S** wish was to interview his favorite author, Rick Riordan. A packed tour schedule made a meeting with Riordan unlikely, so we moved on to Payden's second wish – a custom outfitted German Miraphone tuba. The tuba took months to complete, all while Payden was unaware of our plan. Meanwhile, Riordan agreed to a virtual meeting with his young fan. After the meeting, Payden joined a room filled with friends and family for a wish celebration! A few months later, Payden was presented with the tuba and was speechless.

Diagnosed with Wilms tumor in 2005, 4-year-old **CLAIRE** wished to pet a baby cheetah. Fossil Rim Wildlife Center had recently welcomed cheetah cubs. Claire was able to go into the enclosure and spend time getting to know them. Years later, Claire made it her mission to see "her cheetahs" as often as possible and even donated her birthday money to support Fossil Rim's conservation program.

JERAMY, age 16, wanted to personally visit Pearl Harbor and the USS Arizona Memorial. Diagnosed with a rare type of lymphoma, Jeremy, along with his mom Amy and dad Pat, received a highly exclusive invitation to board the Navy "White Boat" for a private tour of Pearl Harbor with Lt. j.g. Casey Two Bears – which requires special permission from the admiral.

BRANDON was born with severe epilepsy, which left him both non-verbal and non-ambulatory. Although Brandon was unable to communicate his wish, we were inspired by his love of the movie "Dolphin Tale". His wish was the first one granted in 2014. At Clearwater Marine Aquarium, Brent carried his frail son to the water's edge and Brandon watched the dolphins. He responded with excitement when Winter the dolphin "kissed" his hand.

HALLIE BEA fought Diamond-Blackfan Anemia for the first ten years of her life. At age 6, she started Hallie's Heroes, a nonprofit to get as many people as possible to become bone marrow donors. After a diagnosis of osteosarcoma that resulted in amputation, Hallie is now cancer-free, and is still registering people for the bone marrow registry, raising funds for childhood cancer research, providing financial assistance for families impacted by cancer, and helping raise funds to grant wishes. Hallie's 2016 wish to swim with the dolphins and explore Disney was the best time of her life. She said, "My heart took so many pictures, I will remember this day forever."
